

**NEW HAMPSHIRE BUREAU OF ROAD TOLL - OFFERS ELECTRONIC FILING  
FOR INTERNATIONAL FUEL TAX AGREEMENT (IFTA)**

NHMTA will be hosting a seminar put on by NH DOS Bureau of Road Toll on filing International Fuel Tax Agreement (IFTA) reports electronically. If you currently have Internet access and are eligible to obtain proper authorization to file an IFTA return, you should plan to attend to hear firsthand how to use this new system. Your company will be able to file their 2<sup>nd</sup> Quarter, 2018 IFTA Return online (due July 31, 2018). This filing method is completely voluntary. You will still be able to file using paper forms. *Training is free for NHMTA/EMANH members.*

**There are many advantages to filing your IFTA reports electronically.**

**It's free**

\*IFTA IPC (e-file) is a free service that allows New Hampshire-based IFTA carriers to quickly and accurately file their quarterly IFTA report using a computer that has an Internet connection.

\*There's no need to purchase software, postage or mailing envelopes.

**It's convenient**

\*IFTA IPC performs all the required computations, which makes filing fast and easy and virtually eliminates the possibility of mathematical errors.

\*You don't have to gather any forms, address envelopes or rush to the post office.

\*You receive immediate confirmation that NH DOS has received your IFTA report.

\*You can always print out a copy of your electronic IFTA report for your records.

**It's fast**

\*IFTA IPC is the fastest way to file your report. Electronic filings are processed overnight, even if you wait until the due date to file.

**It's secure**

\*Your information is protected through Secured Socket Layer (SSL) protection which encrypts the information transferred between computers.

Date: July 10, 2018

Time: 10:00 am

**Location: NHMTA Office, 19 Henniker Street, Concord NH**

**Presenters: Karen Colby/Eric Marshall/Scott Bryer (NH DOS Road Toll Bureau)**
